MOCON MOBILE STAND
Design Studio Besau-Marguerre

→ Mobile board-securing system in a contemporary design, to move flexibly around the room

→ For visualisations and presentations, for use as a room divider, privacy screen or for soundproofing, in combination with whiteboards and acoustic boards

→ Innovative layering principle with staggered dividers, ideal for working flexibly with boards and perfect for displaying a range of presentation materials

Format & weight

Prod. code	MO300	MO301	MO302	MO303	MO304	MO305
Colour	⚪	⚫	🟢	🔵	🔵	🟡
Format (WxHxD)	714x641x504 mm					
Weight	28,9 kg					

Model

→ Six dividers to hold several boards in different formats: whiteboards S-XL and acoustic boards M-XL

→ Storage options with built-in shelf space at the top and bottom of the stand

→ Easy to move around on soft and hard floors due to its two wooden wheels and lockable castors; sturdy and will not tip over

Material & colours

→ Dividers: aluminium and steel, powder-coated

→ Stand : multiplex board with oak veneer, varnished

→ Wheels: multiplex board with oak veneer, varnished

→ Castors: plastic
